

“I HOPE” POSTER

Digital layout for a 16 x 24 poster

*As a parent, you can give your kids love. You can offer them advice. You can share your hopes and dreams. But whether those things will actually sink in is anybody's guess. Improve your odds by keeping the important things right in front of their faces. (And improve the odds they'll pay attention by including their pictures!) **That's** what makes a personalized, custom poster more valuable than one of a cat in sunglasses. Consider making one for your child at any age (graduation, wedding. . .) Maybe make one for a spouse, for a parent or for a dear friend who's moving along.*

Ingredients:

StoryBook Creator 4.0 Software

Gratitude Series Digital Kit

Font: Adler

Font: Dear Sarah Rg

Instructions:

- Create a new Wall Print project and choose 16" x 24" Portrait. Add Gratitude Paper 12 to the bottom of your layout.
- Add a 16" x 13" photo across center area. Add a heavy shadow.
- Add Gratitude Paper 06 to the top. Apply a paper tear to the bottom of the paper. Add a heavy shadow.
- Add the green ribbon and cream ribbon to the top. Add a heavy shadow and a Half Ellipse edge to the cream ribbon, as shown.
- Add the Orange Square Tag. Add title as desired. Add the "Life is beautiful" tag.
- Add the green bar, title and journaling, as shown.
- Add the "Find the joy" title. Under the Cut & Fill tab, create a rectangle and select the letters of the title. Delete, leaving only the swirls. Under the Cut & Fill tab, change the color to white. Under the Format tab, change the opacity to 20 percent. Copy and paste twice. Size and align as shown.
